NEW RELEASES EVERY WEDNESDAY!!

Hello everyone!! This is NalGaeRan*!
(t/n: it means raw egg in korean)

It's been so long!!! Thank you everyone who gave me so much courage to restart this series.
TTTTTTT_____TTTTTTTTTT

About rushing the beginning so much.
It seems my heart was feeling rushed too. kukuku
I know it's hard waiting for the story to catch up again, so I didn't think of the new readers. I haven't given them much background information to grasp onto... I'm a horrible writer TTT___TTT
(t/n: you're not! I say so~~ ^_^)

The story will change drastically!!!
The only things that will remain the same are the era and characters. hohohohoho

Also, the most important part.. I know I haven't been accepting friends for my blog TT_TT
I'm only an amateur, so I upload my manhwa onto there and QC it one more time through my blog

My little (brother/sister, it doesn't specify) logs onto the blog and looks over it for me one more time
TT__TT
And so, that is why I hove not been accepting invitations TTT_TTTT
I'm very sorry TTTT___TTT

aah.... So long....
I hope you didn't fall asleep reading that....
